TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Newfields, in the
County of Rockingham, in said State, qualified to
vote in Town Affairs:*

You are hereby notified to meet at Town Hall, in said Newfields, on Tuesday, the fourteenth (14th) day of March next, at two of the clock in the afternoon until nine of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will grant a discount of 2% on taxes paid in full thirty days after the taxes are committed to the collector.

4. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum or sums not exceeding in the aggregate of \$15,000 in anticipation of the collection of taxes for the current municipal year and to issue in the name and on the credit of the Town negotiable notes therefore, said notes to be repaid during the current municipal year from taxes collected within the current municipal year.

5. To see what action the Town will take relative to the authorization of the sale of real estate held or acquired by the Town on account of purchase at tax sales.

6. To see what action the Town will take toward the acceptance of reports of Town Officers; as printed in the Town Report.

7. To see if the Town will vote to authorize the Water Commissioners, with the approval of the Selectmen, to borrow money in anticipation of revenue.

8. To see if the Town will authorize the Water Commissioners to purchase and install water meters wherever they deem necessary and further to authorize the Water Commissioners to use reserve funds for that purpose up to and not exceeding two thousand dollars (\$2,000.00).

9. To see if the Town will vote to authorize the Water Commissioners to search for additional source of water and further to raise and appropriate the sum of Five Hundred dollars (\$500) for that purpose.

10. On petition of O. W. Zachariasen and twenty-three others to see if the Town will vote that a water main be extended from Swamscott Street down Maple Street for whatever distance shall be deemed feasible and that funds be raised and appropriated for the above purpose.

11. On petition of Thomas J. Kimball and twenty-one others to see if the Town will vote to enlarge the existing water system by extending the System from the corner of Exeter and Piscassic Roads down the westerly side of Exeter Road a distance of twenty-three hundred feet (2300'); and for that purpose to see what sum of money the Town will vote to raise and appropriate by the issuance of its bonds or notes to defray the cost of extension of mains and erection of other necessary facilities to provide an adequate system; and to authorize the Selectmen to determine the rate of interest to be borne by said bonds or notes; the denominations and form of said bonds or notes, the time and place of payment of principal and interest, and terms of sale; and further to authorize the Selectmen to sign and affix the Seal of the Town to said bonds or notes and the Treasurer to countersign the same.

12. To see if the Town will vote to paint the interior of the Town Hall at a cost not to exceed Seven Hundred Fifty dollars (\$750) using the Capital Re-

serve fund of Four Hundred and Fifty-two dollars and sixty-five cents (\$452.65), and raise and appropriate the balance of Two Hundred and Ninety-seven dollars and thirty-five cents (\$297.35).

13. To see what sum of money the Town will vote to raise and appropriate for cooperative mosquito control in the Seacoast area.

14. To see if the Town will vote to amend a building ordinance for the Town of Newfields adopted at an adjourned Town Meeting on March 14, 1959, by adding after Article IV, Sec. 1, d, the following new sub-section:

e. No building permit shall be valid unless construction is commenced within three months from the date of the permit.

f. The outside work on all buildings, whether new construction, alteration, or addition, shall be completed within two years and three months from the date of the permit; but the Building Inspector may, at his discretion, extend such period for an additional time of not more than six months.

15. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and sixty-one.

ROBERT E. NIXON,
LESLIE F. HAYDEN,
Selectmen of Newfields.

A true copy of warrant — Attest:

ROBERT E. NIXON
LESLIE F. HAYDEN,
Selectmen of Newfields.

Business meeting will be held at 8 P. M.

AUDITOR'S CERTIFICATE

Durham, N. H.
February 15, 1961

Board of Selectmen
Newfields, N. H.

Gentlemen:

I have examined the books and records of the Selectmen, Treasurer, Tax Collector, Town Clerk, Water Department, Paul Memorial Library and the Trustees of Trust Funds. I have examined the bonds of the Town Officers and the insurance policies of the Town and found them in good order.

The books are in good order. I have made notes on the various reports of any special things I found.

All delinquent property taxpayers were contacted by letter.

I found that as of December 31, 1960, the Town had three outstanding notes payable to the Exeter Banking Company as follows: a note for \$5,983.26 with interest at 3% and payable \$997.21 per year until paid in full; a note for \$23,000 with interest at 3.1% and payable \$2,555.60 in 1961 and \$2,555.55 per year thereafter until paid, and a note for \$7,500 representing money borrowed in anticipation of taxes. The last note was paid early in January. This information was confirmed by the bank.

Yours very truly,

ARTHUR W. JOHNSON,
Certified Public Accountant

**An Ordinance to Require the Moving of Motor
Vehicles on the Highways of Newfields During
and After Snow Storms, under the authority
in R.S.A. 41:11 and/or 47:17, VII and VIII**

Be it ordained by the Selectmen of the Town of Newfields that the above entitled ordinance dated March 13, 1958, be amended by striking out said ordinance and inserting in place thereof the following new ordinance with the same title:

Section I

In order to facilitate the removal of snow during and after snow storms, any person in possession or control of a motor vehicle parked on either the shoulder or traveled portion of a public highway in the Town of Newfields, shall be required to remove the said motor vehicle upon request of any member of the Town Police Department or Town Highway Department; in the event the person in possession or control, or the owner, of the said motor vehicle cannot be immediately located, or having been requested, shall neglect or refuse to remove the said motor vehicle at once, then the Chief of Police or Highway Agent shall be authorized to remove, cause to be removed, or to be towed to a garage, the said motor vehicle, said towing and removing to be at the expenses of the owner or person in control of such vehicle.

Section II

Any person violating the provisions of this ordinance shall, on conviction, be found guilty of a misdemeanor and subject to a fine of not more than Ten Dollars (\$10.00).

Section III

This ordinance shall take effect on February 11th, 1961.

ROBERT E. NIXON,
LESLIE F. HAYDEN,
Board of Selectmen.

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 per cent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, graz-

ing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning — don't leave it.

3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.

4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.

5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, 1.

Number of acres burned, $\frac{1}{4}$.

Number of permits issued, 38.

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town
of Newfields, New Hampshire, qualified to vote in
district affairs:*

You are hereby notified to meet at the Town Hall in said district on the thirteenth day of March 1961, at six o'clock in the afternoon, to act upon the following subjects: (Business meeting at 8 P. M.)

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see what sum of money the District will raise and appropriate for the salaries of School District officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against and appropriation of such sums as are estimated to be received from the State Equalization Fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the Town.
9. To see what sum of money, but not to be in excess of \$65,000.00, the School District will vote to raise and appropriate by the issuance and sale of bonds of the District under and in accordance with the provisions of Chapter 33 of the Revised Statutes Annotated

of New Hampshire, as amended, in order to construct and equip an addition to the Elementary School Building, consisting of one or more class rooms and auxiliary rooms; and further to authorize the School Board to determine the interest rate to be borne by said bonds; the denomination and form of said bonds, the time and place of payment of principal and interest, and terms of sale; and further to authorize the School Board to sign and affix the seal of the District to said bonds and the Treasurer to countersign the same.

10. If a resolution is adopted to construct an addition to the Elementary School building, to see if the School District will authorize the School Board to appoint a building committee for the construction and to authorize the School Board, acting upon the advice of the building committee, to execute any and all contracts and agreements necessary, proper and advisable in connection with the construction.

11. To see if the School District will vote to accept and ratify the contract executed by the School Board between the Newfields School District and the Exeter School District in which the School Board agreed to send the Junior and Senior High School tuition pupils to Exeter for a ten-year period beginning with the school year 1961-1962.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Newfields this twenty-fifth day of February, 1961.

STATE BOARD OF EDUCATION

A. Contract For Public Secondary Schools
(RSA 194:22 and 194:27)

MEMORANDUM OF AGREEMENT is made this
day of _____, 1961 by and between the
Newfields School District located in the County of
Rockingham, and State of New Hampshire, and the
Exeter School District located in the County of Rock-
ingham, and State of New Hampshire.

WITNESSETH: That

WHEREAS said Newfields School District does not
maintain a high school and is desirous of having ()
all of its pupils grades 7 through 10 attend the high
school in said Exeter School District and has author-
ized its School Board to make a contract for such high
school education: and

WHEREAS, said Exeter School District maintains
a high school approved by the State Department of Ed-
ucation of the State of New Hampshire, and through
its School Board is willing to receive said scholars and
afford them the complete course of instruction now giv-
en in its high school.

NOW, THEREFORE, IT IS AGREED that the
Newfields School Board will send () all of its high
school pupils to the high school of said Exeter School
District and the said Exeter School Board hereby
agrees to accept such high school pupils for the inter-
vals as set forth in subsequent paragraphs.

AND IT IS FURTHER AGREED that the tuition
rate for the scholars shall be as set forth by the terms
described in the following paragraph:

Separate tuition rates shall be established for
grades 7 and 8, and grades 9-12. These rates shall be

established for each school year before December 15 of the preceding school year. Throughout the duration of this agreement, which shall begin July 1, 1961, and continue through June 30, 1971, the tuition rates shall be based upon the estimated average per pupil costs of grades 7-8, and grades 9-12 in the public schools of Exeter for the school year preceding the year to which the tuition rates are applicable; plus a rental charge of two per cent as provided under N. H. RSA 194:27. Such expenditures as are reimbursed by State or Federal aid programs shall not be included in the estimation of per pupil cost. Each tuition rate and rental charge shall be submitted to the State Board of Education for approval prior to being made a part of this contract. The tuition rate and the rental charge adopted for each year shall be made binding upon the parties of this agreement by means of an appropriate memorandum to be signed by the school boards of each school district and approved by the State Board of Education, and then made a part of this agreement.

AND IT IS FURTHER AGREED that the high school maintained by the School District known as Exeter High School will continue throughout the contract period to maintain a program of studies at least comparable in quality and variety to that which exists at the time that said parties subscribed to this agreement.

IN WITNESS THEREOF, said parties to this agreement have by their school boards respectively hereunto set their hands and seals on the day and year first written.

SCHOOL DISTRICT OF NEWFIELDS
By

School Board.

SCHOOL DISTRICT OF EXETER

Commissioner of Education

REPORT OF THE SCHOOL BOARD

The annual School District Meeting was held at the Town Hall on March 7, 1960. District officers elected for the following year included Lindsey Brigham, Moderator; Mary B. Hallinan, Clerk; Rachel Gelb, Treasurer; and Theodore S. Nelson, Member of the School Board for three years. The Board elected Carolyn B. Storer as chairman and Theodore Nelson as Secretary for the ensuing year. In September Frances P. Brigham was appointed to the Board to fill out the unexpired term of Richard J. Ryan, who resigned because of a change in employment.

Throughout the summer and fall the School Board met with the Building Committee authorized by the District, and architect Alexander Majeski of Manchester was selected to draw up preliminary plans for an addition to the elementary school. At a special School District Meeting on November 19, 1960, voters were

asked to raise money for the architect's fee so that final plans could be let out for bid before the March Meeting, and three plans were presented for consideration. However, the necessary two-thirds majority was not obtained.

We have been fortunate this year to have had the use of the library basement for the second grade and wish to thank the library Trustees for their cooperation in this regard. However, this facility is approved by the state only for temporary use. Since the school census shows that entering first grade classes will number 20 or more for the next several years, housing will continue to be a problem. Every effort must be made to secure an addition to the school so that each of the six grades remaining in Newfields may eventually have its own classroom and teacher. In the meantime the cooperation of the library trustees in providing space will again be sought so that we may maintain the progress already made toward reducing the number of split and doubled grades.

A proposed contract with the Exeter School Board to accept Newfields pupils in grades 7 through 12 for the next 10 years has been negotiated by the two Boards and is reprinted elsewhere in this report.

There have been several physical improvements to the school plant during the year. A new jungle gym purchased by the School Board and swings donated by the P.T.-A. have increased playground facilities. The sanding and refinishing of floors in the two old classrooms have lightened the rooms and improved cleanliness and appearance. Town water has been connected to the school and will assure a steady and plentiful supply regardless of expansion, drought, or power failure. A bus shelter was constructed on Piscassic Road to accommodate a physically handicapped pupil according to law, and benefits others as well.

Academically, the curriculum has been enriched by the inclusion of TV French for the third and fourth grades, a popular addition to the other TV courses in science and social studies. A handwriting teacher is another innovation and both pupils and teachers are enthusiastic about the results achieved. Mr. Donald Elsemore, our new "helping teacher" has spent much time with the various teachers and has proved an inestimable source of guidance and inspiration.

Pupils at Rockingham Junction are being transported this year as directed by the School District. Next year it will be necessary for two buses to go to Exeter as there will be 80 or more tuition pupils to be transported. It may be possible to share use and costs of the second bus with a neighboring town. The Board thanks the pupils, parents and bus drivers who have cooperated in the campaign to eliminate smoking and other disturbing behavior on the buses. The situation is much improved, though not yet perfect.

We again thank the P.-T.A. for its continued support of better schools through its soup, milk and dental programs, and especially through the opportunity it provides for parents, teachers, and administrators to discuss their mutual problems and reach a better understanding.

We also sincerely thank our excellent staff of teachers and nurses; our Superintendent, Mr. Hoyt; our Helping Teacher, Mr. Elsemore; our janitor; and all those who have combined their talents, time and efforts in behalf of the children of Newfields.

REPORT OF THE SUPERINTENDENT OF SCHOOLS*To the School Board of Newfields:*

The school year 1960-1961 opened with the following teaching staff:

Mrs. Ruth Goffe, Principal, Grade 1
Mrs. Pauline Nixon, Grade 2
Mrs. Betty Phinney, Grades 3-4
Mrs. Gladys Chick, Grades 5-6
Mrs. Pearl Wilbur, Grades 6-7
Mrs. Eleanor Henry, Music
Miss Mary Shea, School Nurse
Miss Gemma Jean, Assistant School Nurse
Mr. Harold Matava, Handwriting

Mrs. Pearl Wilbur was elected to replace Mrs. Mary Burrows and Mrs. Pauline Nixon was elected as an additional teacher due to increased enrollment. This is an experienced and well trained staff and I believe that Newfields is fortunate to have them furnishing the educational training for the girls and boys.

The Rinehart Handwriting System was introduced and a definite improvement in the written work has resulted.

The problem of housing the junior and senior high school pupils was resolved when the Exeter School District voted to build an addition to its high school building. This action was followed by the vote of the Newfields School District to enter into an equitable contract agreement with Exeter for tuition pupils to attend Exeter High School for a period of ten years subject to approval of the form of the agreement at the annual district meeting this year.

The form has been prepared and approved by the State Department of Education and by the Exeter School Board. The tuition rates and rental fee for the

year 1961-1962 have been announced as \$352 for junior high pupils and \$429 for senior high pupils. The estimated per pupil cost for junior high students for 1960-1961 is \$330 plus the rental fee of \$22; the estimated per pupil cost for senior high students for the current year is \$407 plus the rental fee of \$22 resulting in these rates. The average cost per high school pupil as announced by the State Department for tuition pupils for next year is \$436 so that the Exeter rate even with the rental fee continues to be below the state average.

In estimating the per pupil costs the following current expenditures were not included: tax for state wide supervision, transportation, salary of the Helping Teacher, hot lunch programs, reimbursement from the National Defense Education Act, tuitions and capital outlay items.

Also, in determining the per pupil rental fee instead of using the actual number of pupils which is estimated as 900 for next year at the junior-senior high school, the Exeter School Board voted to use the number for the capacity of the building which will be 1,200 pupils. This decision reduced the amount of the rental fee by about eight dollars per pupil.

I believe that the above action indicates that the Exeter Board has tried to be very fair in preparing the the contract agreement and in its attempt to keep the tuition rates as reasonable as possible.

The addition to Exeter High School will provide improved and enlarged facilities for science, shop courses, commercial subjects, music and cafeteria services. It will also provide a Language Laboratory, a library which is separate from the study hall, an improved guidance area and eleven classrooms. This will complete a modern school plant of which Exeter and the

districts which send their students to this school can indeed be proud.

Mr. Donald Elsemore was elected to the Helping Teacher position last January. I would like to devote a part of this report to his statement of some of the work which he has been doing especially as his role is that of Supervisor of Elementary Education which gives him the opportunity to work with the elementary teachers and to assist them in their teaching. He reports as follows:

"Parents of elementary school children have certainly been aware of a new pupil report card this year. Its adoption was the result of much work on the part of the teachers under the guidance of the Helping Teacher. Part of this work took place during the summer vacation months. The Report Card Committee carefully studied a large selection of sample cards from all parts of the country. They read the latest educational research on the subject. From this material and from the many personal thoughts and opinions of committee members came the present report card. Each portion of the card evolved only after much thought, discussion and revision. The new card attempts to grade the child in two ways: (1) According to prescribed standards - - this appears necessary if pupil marks are to have definite meaning to parents, teachers and school officials. (2) According to the ability of the child - - we all know that children differ in their ability to learn. It is quite impossible for all children to achieve at the same level regardless of effort. Thus a mark based on individual ability and effort seems in keeping with sound principles of child development.

"The combination of these two marks gives a much clearer picture of each child than did the former undefined single mark.

"The purpose of marking is to help each child achieve to the very best of his ability. It also serves to help parents better understand their child's school progress so that they may offer the right

kind of parental assistance. This card attempts to fulfill these objectives. Although the perfect report card may never be invented, we feel that this new card is certainly a step in the right direction in the evaluation of pupil progress.

"Another project now in progress under the direction of the Helping Teacher is the development of a curriculum guide for the elementary arithmetic program. This is a year-long project which involves a great deal of work on the part of all participants. The purpose of the guide is to outline the arithmetic concepts to be taught in each grade and to offer suggestions for improving the quality of its teaching. Mr. George Cunningham, N. H. State Director of Mathematics, is serving as the mathematical consultant to the group.

"The result of this work should serve as a valuable aid to both old and new teachers in their arithmetic teaching. It should also help to standardize instruction throughout the supervisory union so that all youngsters may enter high school with the benefit of a common mathematical background. The group work involved in the formation of the guide has also been of great value in the coordination of teacher thinking.

"These two projects have been given as examples of the type of work done by the Helping Teacher. Daily work is greatly varied and includes many other activities. Any task which might serve to promote the highest of educational standards in the community might well be tackled by the Helping Teacher."

The problem of additional housing for grades 1-6 should be given serious consideration. It would appear that five teachers are required at the present time if each teacher is to be given a reasonable load in terms of the number of preparations and the number of pupils. If the present enrollment trend continues, it will be only a short time before a teacher and room for each grade will be needed.

As a matter of public information on days when

there is to be no school due to inclement weather an announcement will be made over the Dover radio station WTSN, 1270 on the dial, starting at 6:45 A. M. and over the Portsmouth station WHEB, 750 on the dial, starting at 7:15 A. M. during December and January and at 6:45 A. M. during the other months of the year. Also the fire alarm will be sounded at seven o'clock as is customary.

The Parent-Teacher Association deserves credit for its contribution to the educational needs of the school.

I call your attention to the reports and tables which follow.

I take this opportunity to express my sincere appreciation to the citizens, the members of the School Board and the teachers for their continued support and cooperation.

Respectfully submitted,

RAYMOND A. HOYT,
Superintendent,

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

If our report were to be presented under a title other than "School Health Report" we would entitle this "Health Services for Our School Children — How Well Are They Met?"

School health services comprise those procedures designed to determine the health status of the child, to enlist the child's interest in protecting and safe-guarding his health, to help parents to understand their children's health needs, and to take the necessary steps to provide suitable treatment for disease and correction of physical defects.

The following chart shows the essentials of a health service program and indicates existence of same in our communities.

	East Kingston	Greenland	Kensington	Newfields	Stratham

Organized Educational Activities: A desired goal, but due to ever increasing demands of the nurses in areas of emotional problems, physical needs, etc., this is only touched upon lightly. We hope to be able to construct a plan to fulfill this much needed health phase in the future.

It is recognized that the school provides only a part of the total experience of the child. He lives in a home in a community and has a multitude of daily experiences, not directed by the school, which affect his health behavior. The cooperative action of the school, home and community is essential if the most effective type of health direction is to be developed.

Communication with communities through P.-T.A.'s and other civic organizations has ignited an interest in our children which continues to grow. We look ahead and continue building a healthier future and improved living for our children.

MARY G. SHEA, R.N.,
School Nurse.

REPORT OF SUPERVISORY UNION

Retarded Class

To the Superintendent of Schools:

The Supervisory Union Class went into its second year last September with an enrollment of fourteen children — 8 boys and 6 girls. The chronological age range is 11 to 16, and the physical size, needs, and abilities show a like span.

The practical approach to all subject matter is used continuously. Where it is at all feasible, we experience personally the problems we are studying. Real money is used, trips are taken, kitchen duties are performed. Government in action has a new meaning, because Governor Powell himself has welcomed the group and has kept in contact with the class.

This is a year of great academic achievement. There are four major groupings in the room in the areas of reading and arithmetic. Teams are used and child helps child. As in the preceding year, we use frequently class time for oral discussions. We have in common the need to talk and express our thoughts and feelings.

The life of the Union Class is very busy and very full. We are fortunate to have the Supervisors of Music, Art, and Physical Education with us each week. Their interest and understanding is commendable. We are enjoying and deriving great benefits this year from the Television lessons which we attend. New Hampshire History is coming alive to us and Natural Science is a fascinating course.

Boy Scout Troop 322 and Girl Scout Troop 588 are very active this year. Each group meets weekly on different days with their leaders. The boys are work-

ing on their First Class Badges and the girls are working on their Good Grooming Badges.

The children and I gratefully acknowledge the interest shown and opportunities afforded us. This is a good year.

REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

The purpose of a music program in the schools is to create in all pupils an interest in music, and to stimulate this interest by presenting a variety of musical activities in which they may participate.

It is hoped that from these musical experiences all will feel that music can bring them much enjoyment throughout their lives.

Musical activities for the year 1960 included ear-training, rhythms of various types, work with rhythm band, action songs, folk songs and dances, music appreciation, work with tonettes, learning the fundamentals of music, note-reading, singing in unison and in two and three parts, singing games and square dances.

Special music was prepared for the Memorial Day Exercises held at the Town Hall in May. Pupils of all the grades participated in this program.

In October, Mrs. Goffe invited the parents of the first grade pupils to visit a music class. I thought that this was an excellent idea, and we were pleased that quite a number of the parents accepted the invitation and were present.

In closing, I wish to thank Mr. Hoyt, Mr. Elsemore, the members of the School Board, the P. T. A., the teachers and the parents for their co-operation.

Respectfully submitted,
